

BUCS TRIATHLON 2024-26

BID INFORMATION

STATUS

Annually, the Triathlon programme within BUCS consists of three separate events:

- Duathlon
- Sprint Distance Triathlon and Mixed Relay Event
- Standard Triathlon

Triathlon is one of the fastest growing sports within the BUCS programme, and in previous years has attracted over 1,500 competitors across the three events.

The first event in the BUCS calendar is the Duathlon Championships in Term 1, which has been a long-standing feature within BUCS programme, featuring officially since 2008. Competitor numbers have risen from 65 in 2008 to nearly 600 last year.

The Sprint Distance Triathlon first featured in the BUCS programme back in 2007, and since its inauguration, competitor numbers have risen significantly from 75 to over 500.

The Mixed Relay Event was introduced in the 2022-23 season to increase participation and mirror the Olympic provision. It has successfully been held on the same day as the Sprint Triathlon since and would ideally be run similarly this year. Competitors would ideally be able to compete in both the Sprint Triathlon and the Mixed Relay so the schedule would need to accommodate this.

The Standard Distance Triathlon joined the BUCS programme in 2008 and continues to see over 250 competitors challenge themselves year on year.

The events attract a wide range of competitors. Athletes competing for podium positions are of a high calibre, with many on GB performance programmes and regularly competing for international medals at under 23 level and senior level. The growth of the events and the popularity of triathlon events as a motivator for students to keep fit and challenge themselves has also resulted in an increase in participation at a lower competitor level. In addition, with an increased focus from BUCS to ensure our competitive programme is inclusive to all, it is imperative that our chosen partner provides a competition opportunity that is appropriate and enjoyable for all, taking into consideration the infrastructure for people with a disability.

BUCS is seeking partners to manage and deliver the BUCS Duathlon, BUCS Sprint Distance Triathlon & Mixed Relay and the BUCS Standard Distance Triathlon. This tender is for the next two seasons, 2024-25 and 2025-26, with an option to review at the end of the first season.
