RUU 1.9 Discipline

RUU 1.9.1 All matches are played under the auspices of World Rugby. However, the overarching jurisdiction for each game rests with the Home Union in which the relevant match is played and institutions should be aware of the different regulations in place for each of the Home Unions.

RUU 1.9.2 Sending offs A sending off report shall be initiated by the relevant match official in each case where a player is sent off (red card) and this should be forwarded to

The MOS document is to be observed in conjunction with the BUCS general regulations and Rugby Union sport specific regulations.

RUU 2.2 Fixture Administration

RUU 2.2.1 Playing colours In an exception to REG 9.4, for televised 'feature games', the first named (home) team is permitted to wear their usual 'home' colours where a kit clash exists. This must be communicated to the opposition seven days prior to the fixture taking place.

RUU 2.2.2 Fixture dates

RUU 2.2.2.1 League matches All matches must take place on the date as set by BUCS. RUU 2.2.2.1.2 Teams shall not be permitted to reschedule a Men's BUCS Super Rugby fixture such that it would mean that fewer than 36 hours have elapsed since the kick-off time of the last Men's BUCS Super Rugby fixture played by either team, or that fewer than 36 hours would remain between the kick-off time of said fixture and that of the next Men's BUCS Super Rugby fixture scheduled for either team.

RUU 2.2.2.1.3 RUU 2.2.2.1 does not prevent institutions 'reversing' fixtures – that is changing who the host institution is for each of the two scheduled league matches between the two teams

RUU 2.2.2.2 Knockout competition matches REG 9.2.2 shall apply, however the BUCS Executive can change the date of a fixture, should the need arise, in order to fulfil media requirements in the Men's Rugby Union Championship knockout competition.

RUU 2.2.4 Duration of play All matches shall consist of two periods of 40 minutes and a half-time interval of 10 minutes. Teams shall change ends at half-time.

RUU 2.2.5 Ties in knockout competition matches In the event of a tie after normal time, the outcome of the match shall be determined as follows:

RUU 2.2.5.1 There shall be a five minute break. After this break, the teams will change ends and there shall be a period of extra time between the teams of 10 minutes each way, with a one minute interval. If the scores are then still equal;

RUU 2.2.5.2 The team that has scored most tries shall be declared the winners. If this does not produce a result;

RUU 2.2.5.3 The team that has scored the most goals from tries shall be declared the winners. If no result is achieved at this point, the result shall be decided as follows;

RUU 2.2.5.3.1 Each team shall nominate one player from its number on the field of play at the final whistle to participate on its behalf in a place kicking competition;

RUU 2.2.5.3.2 Starting with the kicker from the team that had the initial match kick-off, each kicker in turn shall attempt a place kick from the pre-determined positions indicated in RUU 2.2.5.3.4 until such time as, after an equal number of attempts, one kicker has kicked more goals than the other;

RUU 2.2.5.3.3 These attempts will be made towards the goal posts nearest the players' entrance tunnel to the pitch or in the event of both sets of goal posts being of equal distance from the players' entrance tunnel the goal posts to the left of the said tunnel when emerging from it;

RUU 2.4 Team selection

RUU 2.4.1 International commitment exemption On league weeks when players who an institution would internally consider a "1st Team player" are not released for BUCS selection due to their international commitments (training or competition), players who an institution would not internally consider a "1st Team player" are able to "move up" to the 1st Team to cover the absence without it counting towards their 'normality' tally (as described in REG 11.1.2.2) under the following conditions:

RUU 2.4.1.1 The names of the "1st Team player(s)" unavailable due to international commitments (training or competition), evidence of their selection, and the name(s) of the players 'playing up' as cover must be submitted via email to discipline@bucs.org.uk prior to the start of the relevant fixture to be eligible for normality exemption.

RUU 2.4.1.2 Failure to meet the requirements of RUU 2.4.1.1 in advance will mean that the fixture will count towards 'normality' for the player(s) 'playing up'.

RUU 2.4.1.3 This is in addition to, and does not supersede any other elements of, BUCS REG 11.1.

RUU 2.4.2 Front row players, except for full internationals, are permitted to move down one team from a team they have established normality for to play in a front row position only. For example, a prop who has established normality for a 2nd Team may play for the 3rd Team, in a front row position only. However, teams should be aware that REG 11.1.2.1 still applies.

RUU 2.4.2.1 For playoff fixtures, players shall only be eligible to move down one team if it can be evidenced that they are covering an injured front row player.

RUU 2.4.3 In order to be eligible to compete in each of the Men's BUCS Super Rugby playoff matches players must have been named on Team Sheets (REG 11.2) in at least 33% of the league fixtures that season for the team they wish to represent. The exemptions to this being:

- Where it is evidenced that a player was unable to be named for 66% or more of the league fixtures that season for the team in question for medical reasons and/or not being released for BUCS selection due to international commitments (full international or U20, training or competition).
- Where a player has established normality (REG 11.1.2.2) for a lower ranked team that season, and hence would be eligible to be called up, evidenced through Team Sheets (REG 11.2).

RUU 2.4.4 In order to be eligible to compete in each of the Men's BUCS Super Rugby National Championship matches players must have been named on Team Sheets (REG 11.2) in at least 33% of the league fixtures that season for the team they wish to represent. The exemptions to this being:

- Where it is evidenced that a player was unable to be named for 66% or more of the league fixtures that season for the team in question for medical reasons and/or not being released for BUCS selection due to international commitments (full international or U20, training or competition).

- Where a player has established normality (REG 11.1.2.2) for a lower ranked team that season, and hence would be eligible to be called up, evidenced through Team Sheets (REG 11.2).

They must also be identified to the referee before that start of play.

RUU 2.6.2 A maximum of seven replacements per team may be named and used. Rolling substitutions are used in these competitions, with teams limited to 12 interchanges per match. At least five of the nominated squad (irrespective of squad size, but maximum 22) must be able to play in front row positions and the team must be able to replace both a prop and a hooker at the first time of asking. Teams will be allowed a 23 player squad if they field an additional front row replacement to ensure cover of all three front row positions (Loosehead Prop, Hooker and Tighthead Prop) at the first time of asking. This falls in line with World Rugby Law 3.8.

RUU 2.6.3 A team unable to start the match with at least five suitably trained front row players will be deemed to have conceded a walkover. If the above requirements were met pre-match but during the match a team reaches a point where a front row cannot be replaced, then the match shall continue with uncontested scrums. World Rugby Law 3.17 shall apply, whether a 22 or 23 player squad.

RUU 2.6.4 All matches will be played to full World Rugby scrummage regulations.

RUU 2.6.5 Uncontested scrums An uncontested scrum is defined as the same as for normal scrummages except that:

- There is no contest for the ball.
- The team putting the ball in must win it.
- Neither team is permitted to push.

RUU 5.1.2.3.3 These attempts will be made towards the goal posts nearest the players' entrance tunnel to the pitch or in the event of both sets of goal posts being of equal distance from the players' entrance tunnel the goal posts to the left of the said tunnel when emerging from it;

RUU 5.1.2.3.4 The attempts will be taken from the following positions in turn, repeating the sequence until a winner is decided:

RUU 5.3 Team selection

RUU 5.3.1 Front row players, except for full internationals, are permitted to move down one team from a team they have established normality for to play in a front row position only. For example, a prop who has established normality for a 2nd Team may play for the 3rd Team, in a front row position only. However, teams should be aware that REG 11.1.2.1 still applies.

RUU 5.4 Minimum number of players for a fixture to start The minimum number of players per team required for a fixture to start will be 10.

RUU 5.5 Replacements, front row requirements and scrummage

RUU 5.5.1 For all matches, all starting front row players AND replacements must be ticked as Front Row on the BUCS Play scorecard (or if hard copy team sheets are being used denoted by having '(FR)' written next to their names) as part of the team sheet completion and verification processes of REG 11.2. They must also be identified to the referee before that start of play.

RUU 5.5.2 A maximum of seven replacements per team may be named and used. Rolling substitutions are used in these competitions, with unlimited interchanges allowed per match. The number of suitably trained and experienced front row players of the nominated squad (maximum 22 players) must conform to the following:

Five players who can play in the front row	19, (20, 21 or 22)

When 19, 20, 21 or 22 players are nominated in a team there must be five players who can play in the front row to ensure that on the first occasion that a replacement hooker is required and, on the first occasion that a replacement prop forward is required, the team can continue to play safely with contested scrums. If at the second time of asking there is no suitably trained front row replacement then the World Rugby Laws will be followed, even if with a 22 player squad.

RUU 5.5.3 A team unable to start the match with at least three suitably trained front row players will be deemed to have conceded a walkover. If the above requirements were met pre-match but during the match a team reaches a point where a front row cannot be replaced, then the match shall continue with uncontested scrums. World Rugby Law 3.17 shall apply, regardless of squad size.

RUU 5.5.4 Matches in England and Wales will be played to full World Rugby scrummage regulations. Matches in Scotland will be played to World Rugby U19 scrummage regulations.

RUU 6.1.2.2 The team that has scored most tries shall be declared the winners. If this does not produce a result;

RUU 6.1.2.3 The team that has scored the most goals from tries shall be declared the winners. If no result is achieved at this point, the result shall be decided as follows;

RUU 6.1.2.3.2 Starting with the kicker from the team that had the initial match kick-off, each kicker in turn shall attempt a place kick from the pre-determined positions indicated in RUU 6.1.2.3.4 until such time as, after an equal number of attempts, one kicker has kicked more goals than the other;

RUU 6.1.2.3.3 These attempts will be made towards the goal posts nearest the players' entrance tunnel to the pitch or in the event of both sets of goal posts being of equal distance from the players' entrance tunnel the goal posts to the left of the said tunnel when emerging from it;

RUU 6.1.2.3.4 The attempts will be taken from the following positions in turn, repeating the sequence until a winner is decided:

RUU 6.5.3 Priority must be given to the highest ranked team from an institution/Playing Entity downwards. Therefore, a higher ranked team may not start a match with uncontested scrums whilst any lower teams are starting matches on the same day with contested scrums.

RUU 6.5.4 If a match starts with contested scrums but during the match a team reaches a point where a front row cannot be replaced, then the match shall continue with uncontested scrums. World Rugby Law 3.17 shall not apply, therefore a player whose departure has caused the referee to order uncontested scrums can be replaced.

RUU 6.5.5 Matches in England and Wales will be played to full World Rugby scrummage regulations. Matches in Scotland will be played to World Rugby U19 scrummage regulations.

RUU 6.5.6 Uncontested scrums An uncontested scrum is defined as the same as for normal scrummages except that:

In this circumstance, the opposition team may name those players who will no longer be starting as additional replacements up to a maximum squad size of 22. The team requiring player matching shall not be permitted to have any replacements - all players must start. Both teams must also inform the referee before the start of the match of the player matching arrangements.

RUU 6.5.7.3 Once a match has begun, should the number of players a team can field be reduced, their opposition shall not be obliged to match numbers, however they may agree to do so, and this is encouraged. In this circumstance, any player removed in order to match numbers shall become an additional replacement.

RUU 9.5.1 For all matches, all starting front row players AND replacements must be ticked as Front Row on the BUCS Play scorecard (or if hard copy team sheets are being used denoted by having '(FR)' written next to their names) as part of the team sheet completion and verification processes of REG 11.2. They must also be identified to the referee before that start of play.

RUU 9.5.2 A maximum of seven replacements per team may be named and used. Rolling substitutions are used in these competitions, with unlimited interchanges allowed per match. The number of suitably trained and experienced front row players of the nominated squad (maximum 22 players) must conform to the following:

Number of Suitably Trained and Experienced Front Row Players	Number of Players in Squad
Three players who can play in the front row	15 or less
Four players who can play in the front row	16, 17 or 18
Five players who can play in the front row	19, (20, 21 or 22)

When 19, 20, 21 or 22 players are nominated in a team there must be five players who can play in the front row to ensure that on the first occasion that a replacement hooker is required and, on the first occasion that a replacement prop forward is required, the team can continue to play safely with contested scrums. If at the second time of asking there is no suitably trained front row replacement then the World Rugby Laws will be followed, even if with a 22 player squad.

RUU 9.5.3 If a team is unable to start a match with at least three suitably trained front row players, the following shall apply:

RUU 9.5.3.1 If they inform their opposition that they are unable to provide a front row at least 24 hours in advance of the advertised kick-off time then they may play with uncontested scrums, but they will be limited to a maximum squad size of 15 players, unless otherwise agreed with the opposition.

RUU 9.5.3.2 Should at least 24 hours' notice not be given, the non-offending team will be entitled to claim a walkover. If the non-offending team agrees to play with uncontested scrums, then they are not entitled to claim a walkover retrospectively. In such a case, the offending team will be limited to a maximum squad size of 15 players, unless otherwise agreed with the opposition.

RUU 9.5.3.3 Teams that play more than three matches with uncontested scrums will be deducted three league points and face possible further disciplinary action. Non-offending teams should report offending teams here.

RUU 9.5.4 If the above requirements were met pre-match but during the match a team reaches a point where a front row cannot be replaced, then the match shall continue with uncontested scrums. World Rugby Law 3.17 shall apply, regardless of squad size.

RUU 9.5.5 All matches will be played according to the under-19 variations of the World Rugby Scrum Laws.

RUU 9.5.5.1 Teams can opt to play their matches using the standard World Rugby Scrum Laws. This must be agreed in writing and signed by each team's captain and the match referee. There will be no option to submit a 'Playing Under Protest' form, and the result will stand.

RUU 9.5.6 Uncontested scrums An uncontested scrum is defined as the same as for normal scrummages except that:

- There is no contest for the ball.
- The team putting the ball in must win it.
- Neither team is permitted to push.
- Normal rules regarding offside and binding still apply.

RUU 10 Women's Tier 2 and below leagues and Conference Cup knockout competition specific regulations

RUU 10.1 Fixture Administration

RUU 10.1.1 Duration of play All matches shall consist of two periods of 40 minutes and a half-time interval of no less than five minutes, with 10 minutes being the preferred duration. Teams shall change ends at half-time.

RUU 10.1.2 Ties in knockout competition matches In the event of a tie after normal time, the outcome of the match shall be determined as follows:

RUU 10.1.2.1 There shall be a five minute break. After this break, the teams will change ends and there shall be a period of extra time between the teams of 10 minutes each way, with a one minute interval. If the scores are then still equal;

RUU 10.1.2.2 The team that has scored most tries shall be declared the winners. If this does not produce a result;

RUU 10.1.2.3 The team that has scored the most goals from tries shall be declared the winners. If no result is achieved at this point, the result shall be decided as follows;

RUU 10.1.2.3.1 Each team shall nominate one player from its number on the field of play at the final whistle to participate on its behalf in a place kicking competition;

RUU 10.1.2.3.2 Starting with the kicker from the team that had the initial match kick-off, each kicker in turn shall attempt a place kick from the pre-determined positions indicated in RUU 10.1.2.3.4 until such time as, after an equal number of attempts, one kicker has kicked more goals than the other;

RUU 10.1.2.3.3 These attempts will be made towards the goal posts nearest the players' entrance tunnel to the pitch or in the event of both sets of goal posts being of equal distance from the players' entrance tunnel the goal posts to the left of the said tunnel when emerging from it;

RUU 10.1.2.3.4 The attempts will be taken from the following positions in turn, repeating the sequence until a winner is decided:

- The centre of the 22-metre line;
- The intersection of 22-metre and 15-metre lines to left of posts facing;
- The intersection of 22-metre and 5-metre lines to left of posts facing;
- The intersection of 22-metre and 15-metre lines to right of posts facing;
- The intersection of 22-metre and 5-metre lines to right of posts facing.

RUU 10.1.3 Representative commitments When five or more players are selected for a National Governing Body senior side (Full, A, U21, Students, Universities or Women's Elite, Academy or Under 20s), necessitating their presence at a competition or

preparation camp associated with a competition, the institution/Playing Entity concerned shall be able to postpone any affected league fixtures.

RUU 10.1.3.1 The institution/Playing Entity concerned shall be responsible for informing the opposition institution/Playing Entity of the requirement to postpone the fixture no later than 48 hours (outside of weekends and bank holidays) after the announcement of the squad for the representative team, and no later than five working days prior to the original fixture date. Upon notification of the postponement, institutions must follow REG 14.3 to rearrange the fixture.

RUU 10.1.3.2 Knockout competition fixtures are not covered by RUU 10.1.3.

RUU 10.2 Match officials Match officials should be appointed as per Appendix 5 ('BUCS Match Officials Requirements').

RUU 10.3 Team selection

RUU 10.3.1 Front row players, except for full internationals, are permitted to move down one team from a team they have established normality for to play in a front row position only. For example, a prop who has established normality for a 2nd Team may play for the 3rd Team, in a front row position only. However, teams should be aware that REG 11.1.2.1 still applies.

RUU 10.4 Minimum number of players for a fixture to start The minimum number of players per team required for a fixture to start will be 10.

RUU 10.5 Replacements, front row requirements, scrummage and player matching

RUU 10.5.1 For all matches, all starting front row players AND replacements must be ticked as Front Row on the BUCS Play scorecard (or if hard copy team sheets are being used denoted by having '(FR)' written next to their names) as part of the team sheet completion and verification processes of REG 11.2. They must also be identified to the referee before that start of play.

RUU 10.5.2 A maximum of seven replacements per team may be named and used. Rolling substitutions are used in these competitions, with unlimited interchanges allowed per match. Teams are permitted to field up to a full squad of 22 players without a qualified front row. However, the below penalties of RUU 10.5.4 will apply.

RUU 10.5.3 Priority must be given to the highest placed team from an institution/Playing Entity downwards. Therefore, a higher placed team may not start a match with uncontested scrums whilst any lower teams are starting matches on the same day with contested scrums.

RUU 10.5.4 In the event of a team being unable to field a suitably trained front row at the start of a match resulting in uncontested scrums being played, the result shall stand. However, teams that play 50% of matches or more with uncontested scrums will not be eligible for promotion. As per RUU 10.5.1 all front row players should be indicated on team sheets. Teams will be required to validate their eligibility for promotion by submitting their team sheets to the BUCS Executive at the end of the season. Non-offending teams should report offending teams here.

RUU 10.5.5 If a match starts with contested scrums but during the match a team reaches a point where a front row cannot be replaced, then the match shall continue

with uncontested scrums. World Rugby Law 3.17 shall not apply, therefore a player whose departure has caused the referee to order uncontested scrums can be replaced.

RUU 10.5.6 All matches will be played according to World Rugby U19 scrummage regulations.

RUU 10.5.7 Uncontested scrums An uncontested scrum is defined as the same as for normal scrummages except that:

- There is no contest for the ball.
- The team putting the ball in must win it.
- Neither team is permitted to push.
- Normal rules regarding offside and binding still apply.

RUU 10.5.8 Player matching

RUU 10.5.8.1 If a team informs their opposition in writing, at least 24 hours in advance of the advertised kick-off time, that they will be fielding less than 15 players (but at least a minimum of ten in accordance with RUU 10.4) then their opposition shall be obliged to only field the same number of starting players, however they may still bring as many replacements as they wish up to a maximum squad size of 22. The team requiring player matching shall not be permitted to have any replacements - all players must start. Both teams must also inform the referee before the start of the match of the player matching arrangements.

RUU 10.5.8.2 Where at least 24 hours' notice in advance of the advertised kick-off time is not given, if a team is fielding less than 15 players (but at least a minimum of ten in accordance with RUU 10.4), then their opposition is not obliged to only field the same number of starting players, but they may still agree to do so, and this is encouraged. In this circumstance, the opposition team may name those players who will no longer be starting as additional replacements up to a maximum squad size of 22. The team requiring player matching shall not be permitted to have any replacements - all players must start. Both teams must also inform the referee before the start of the match of the player matching arrangements.

RUU 10.5.8.3 Once a match has begun, should the number of players a team can field be reduced, their opposition shall not be obliged to match numbers, however they may agree to do so, and this is encouraged. In this circumstance, any player removed in order to match numbers shall become an additional replacement.

RUU 10.6 Game On Principles The following 'Game On Principles' may be applied, subject to the agreement of both teams and notification to the referee prior to kick-off:

RUU 10.6.1 Duration of play A match can be a minimum of 40 minutes in duration.

RUU 10.6.2 Half Game rule Teams are encouraged to apply the half game rule to ensure each player in every match day squad plays at least half of the match.

RUU 10.6.3 Line outs Team may agree not to contest or lift in the line out.
